

# REGIONAL RURAL ISSUES PUBLIC FORUM

## Presenter & Facilitator

**David Little, Esquire**

*Executive Director of the Rural Schools Association  
of New York State*

After the difficulties of the past several years, our schools, businesses and communities face many new challenges. In this time of change, we look to identify new opportunities for achievement and success.

We invite the public, including School, Business and Community Leaders, to engage in an open dialogue sharing their thoughts, concerns and priorities regarding the issues faced by our schools and the communities that support them.

The forum will begin with an overview of the state of our rural schools and communities from a position of legislative advocacy. This will be followed by public comment and discussion. Feedback from this session will be reviewed by a statewide task force of experts, culminating in a policy brief/advocacy platform to be presented to state and national leaders.
